05 RULES

DO

- Use gold on navy, or navy on cream/white
- Keep the clearspace margin around every lockup
- Use supplied vector files (SVG / PDF) for print
- Set descriptors in tracked caps, never lowercase

DON'T

- Don't stretch, rotate, skew or re-colour the mark
- Don't add shadows, gradients or outlines to the logo
- Don't set gold text on white — use navy instead
- Don't recreate the wordmark in another typeface
